PHILIPS

The control panel features a large teal rotary knob for energy selection, with markings for **Manual Defib** (1-10, 15, 20, 30, 50, 70, 100, 120, 150, 170, 200) and **Adult Dose** (150, 170, 200). To the right of the knob are three numbered buttons: **Select Energy 1** (teal), **Charge 2** (grey), and **Shock 3** (orange with a lightning bolt icon). Below the knob are **Pacer** (On/Off) and **Monitor** (On/Off) switches, and an **AED** (On) switch. A **Sync** button is located at the top left of this section.

The bottom navigation area includes four circular buttons with icons: a triangle, an 'i', a left-pointing arrow, and a right-pointing arrow. To the right of these are two larger buttons: a left-pointing arrow and a checkmark.
